Thermography Workshop

Presented by Caitlin Wells at LHI

611 Pearl Street Unit B, Ojai, CA

Friday, January 31, 2020

6:00pm--7:00pm

Thermography Screenings

Saturday, February 1, 2020

10:00am-6:00pm

Modern Thermography: Your Body Has Much to Tell You About Your State of Wellbeing

Modern Thermography testing uses infrared technology (heat sensing) to screen for cancer and fibrocystic breast disease, and breast health and locates inflammation in the body
